Who We Are

The mission is to ensure the most beneficial outcome for all parties involved in medical congresses, through the development of common and consistent congress policies and through recognised partnerships with medical societies.

The organisation is in regular contact with leading policy-making healthcare organisations. IPCAA is an affiliate member of IFPMA.

IPCAA also facilitates and organises platforms for discussion and education of topics amongst relevant meetings industry stakeholders and contributes to improve the understanding of topics such as compliance and transparency.

All employees of a member company benefit from information exchange in congress related matters, free participation of IPCAA member events and the immense network opportunities.

NOTE: IPCAA does not organize any congresses itself.

The mission and a short description of this international association.
